

# **Listing of Descendants of John Peter Horn**

## **OVERVIEW**

### **CHARTS OF DESCENDANTS**

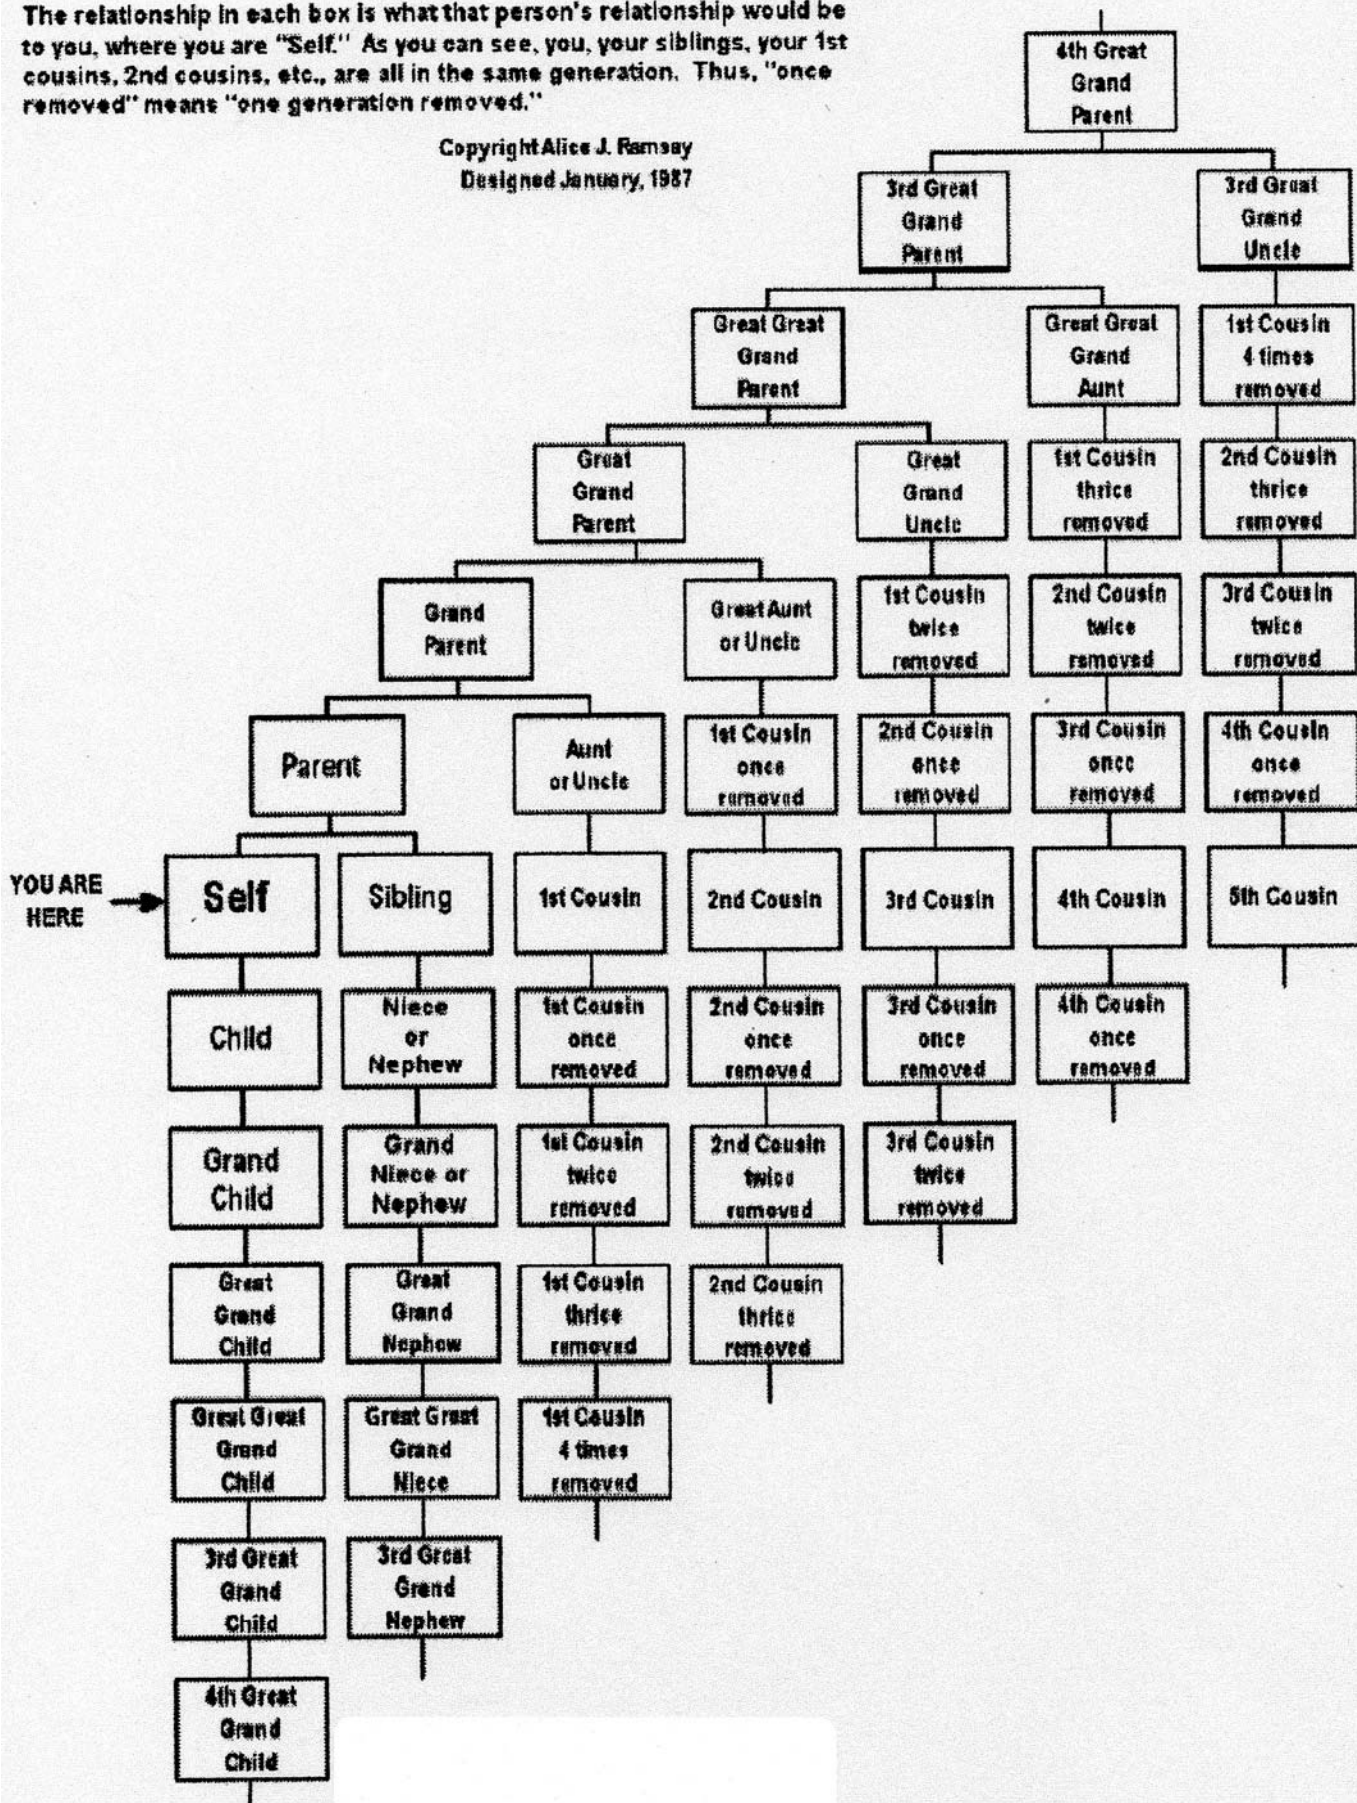

Two charts are provided in this section. The first chart is a diagram to aid in determining the relationship between any two family members, using generic titles in place of names. To use this chart, assign one person to the “self” box, and place the other person in the appropriate box according to his/her lineage.. The relationship will be identified by the second box

The second chart lists all the descendants of John Peter Horn by family line (father to son to grandson to great-grandson, etc) until the line runs out. At present, there are ten generations of family members.

# INTERGENERATIONAL RELATIONSHIPS CHART

The relationship in each box is what that person's relationship would be to you, where you are "Self." As you can see, you, your siblings, your 1st cousins, 2nd cousins, etc., are all in the same generation. Thus, "once removed" means "one generation removed."
